**A Celebration Of Faith**

## A Celebration Of Faith

### Welcome

By choosing to celebrate your wedding at St. Anne's Catholic Church you are saying that your marriage is an expression of your Catholic faith. For this to be true one of you must be a confirmed practicing Catholic. This implies several things:

A Church wedding implies the Catholic party has received the Sacrament of Confirmation. A Baptism Certificate including the dates of First Communion and Confirmation will be needed. (This may be gotten at no charge from the parish you were baptized at.) A Church wedding implies the Catholic party is practicing the Catholic faith. This would minimally mean attending Mass regularly. A Church wedding implies the Catholic party is in union with the Church and its teachings. The usual issue here is cohabitation. Today therapists and counselors are affirming the traditional Church teaching that living together before marriage lessens the chance of a couple having a successful marriage. For that reason cohabiting couples will be asked to separate or at least cease sexual relations before the wedding. A Church wedding implies the Catholic party is committed to doing all in his or her power to share the Catholic faith with his or her children.

If you have any questions or concerns please feel free to call me (715) 849-3930 or email me [frsteve@stanneswausau.org](mailto:frsteve@stanneswausau.org).

## Wedding Celebration Guidelines

### The Wedding Celebration

**Music & Musicians** Please find enclosed a list of parish musicians and singers who are willing to assist at weddings. You are free to contact them or someone else you may know of. Musicians receive a stipend for their assistance. Check with them as they set their own amounts. Because you have decided to make your wedding a faith celebration, the music should reflect that choice. Music during the ceremony should be Christian. Popular secular music may be used as preludes or postludes. Your musician, if they have played at other weddings, will no doubt be able to play many of the beautiful contemporary Christian songs that have been written for weddings for you to chose from.

**Pictures/Video:** Please find enclosed our "Wedding Photography and Videography Policy." Please have your photographer review it and sign it. Bring it to the priest at your last meeting with him. People attending the wedding should be informed that taking pictures during the liturgy is inappropriate. This can be done by inserting a note in the wedding invitation or wedding service program.

Because of other services in the church we may need to limit the time the photographer takes for posed pictures. Frequently there are baptisms Saturday morning at 10:30 ending at 11:30 am. And we have a 4:00 pm liturgy on Saturdays for which we need the church ready and parking lot empty by 3:30 pm. Please review these times with your photographer and plan accordingly.

**Living Plants Flowers:** If you plan to have flowers for the wedding, we prefer they be living plants or fresh cut flowers. However bring to the Lord what you are able to.

**Bride's Room:** The family room off the gathering room of the church serves as a dressing room for the bride and bridesmaids. The groom and groomsmen normally come dressed for the ceremony. If they need to dress at the church as well there are several possibilities. Please consult with the priest.

**Lectors:** There are typically two scripture readings and petitions to be read. These usually are done by one or two family members or friends. The priest is also willing to read them. Ideally, the person would be someone who reads at their church. The readings should be given to them in advance for preparation.

## Wedding Celebration Guidelines con't.

**Servers:** Usually we do not have servers at weddings. However, if you have relatives or friends who serve Mass, you are welcome to ask them. They should be present at the rehearsal.

**Communion Ministers:** If the wedding is celebrated in the context of the Mass and if there will be more than one hundred guests attending it would be helpful to have Eucharistic Ministers to assist the priest. Assistants would also make it possible to offer the cup. Family or friends who are Eucharistic Ministers in their parishes would be first choices for help. It is also possible to commission someone for this one special occasion.

**Wedding Candle:** The primary symbol of the wedding ceremony is your exchange of vows and rings. Different families may have other customs they would like to include in the celebration. The most common is the lighting of a unity candle. These are welcome though they should never take away from the focus on your vows. The parish can supply a candle or the couple may bring their own. (The cost to the parish for the candle is \$18)

**Alcoholic Beverages:** Making a vow requires a clear mind and an open heart. Standing as witnesses and supporters to someone making a vow also requires being clear of mind and open of heart. It is totally contrary to the spirit and purpose of the day to be under the influence of a mind altering substance at a wedding rehearsal or ceremony. We will not tolerate alcoholic beverages on the church premises before or after the wedding ceremony.

**\*\*\*Clean-up:** When the service is completed, the ushers will be responsible for picking up service programs left behind in the pews, removing aisle runners, taking out empty flower boxes, corsage wrappings and any additional items brought in for the wedding. These must be removed before the next church service. The family room must be restored to its original order.

### **FEES**

The parish does not charge a fee for a wedding. Money should not be a reason for not having the wedding in the Church. An offering of \$75.00 is recommended. This goes into our fund for works of charity. Often couples express their gratitude to the priest or deacon with a gift as well. In addition, in weddings where neither the bride nor groom are members of the parish we ask a \$150.00 security deposit. If the church is left in good order it will be returned to you in the week after the wedding. As part of the wedding preparations the couple takes a professional Marriage Inventory called The Foccus. There is a \$15.00 cost to have it stored.

## **Marriage Preparation Program Outline**

The following is a schedule of the steps a couple would normally follow in preparing for the Sacrament of Marriage at St. Anne's Parish. Special circumstances may require additional steps. These exceptional situations would be explored in the "Initial Contact" or "First Meeting With The Pastor." The following sequence is recommended but may need to be altered in individual cases. A couple may be given a tentative wedding date when they first contact the Church. But the pastor cannot formally agree to witnessing a marriage until after the Pre-Nuptial Investigation which is part of the couple's first meeting with him. If you are not living in Wausau you may want to explore the possibility of doing some of these preparations through a Church near to you. Please feel free to contact the St. Anne's at anytime if questions arise.

### **Initial Contact** (1-2 years prior to wedding) (6 month minimum)

- A. Couple contacts parish
- B. Parish secretary interviews couple by phone to determine whether they are candidates for the marriage preparation program
- C. Parish Secretary sends information packet to couple including:
  1. This Marriage Preparation Program Outline
  2. Schedule of Introductory Meetings
  3. Schedule of Pre-Cana Classes
  4. Guidelines for Weddings at St. Anne's
- D. It is the couple's responsibility to register or make appointments for the following steps.

### **Wedding Information Meeting** (10-12 months prior to the wedding)

- A. Pastor reflects with couples on the meaning of their wedding vows.
- B. Pastor reviews steps of Preparation Program
- C. Questions and answers
- D. Couples fill out FOCCUS Inventory
- E. Couples indicate to priest whether they will take Class or Sponsor Couple program (see below)

### **First Meeting With The Pastor** (9-11 months prior to the wedding)

- A. Pastor completes the Pre-Nuptial Investigation with Couple
- B. Explores need for special preparations (interfaith, previous marriage, etc.)
- C. Please bring a Certificate of Baptism with you to this meeting. These should be gotten by contacting the church where you were baptized, informing them you are getting married and asking them to send a current baptismal certificate. Please keep the original certificates.
- D. Gives the couple materials helpful in planning the wedding celebration.

# Marriage Preparation Program Outline *con't.*

## **Wausau Area Pre-Marriage Program OR Sponsor Couple Program** (7-10 months)

A. Couple participates in one of the Saturday Pre-Marriage Programs offered by the Wausau Deanery or its equivalent. (See brochure enclosed to register)

OR the couple may choose the Sponsor Couple Program. In this program the engaged couple meets with a married couple from the parish five times prior to the wedding. This allows deeper trust and more heartfelt communication to develop. We strongly recommend it. But we realize it may be impossible for couples living out of town and the one day Pre-Marriage program may be best for them. The Sponsor Couple program also takes the place of the Discussion of the Pre-Marital Inventory below.

## **Discussion of Pre-Marital Inventory** (for those not doing the Sponsor Couple Program) (6-9 months prior to the wedding)

- A. Parish Facilitator Contacts Couple to set up a time
- B. Couple meets as many times as necessary to work through the material in the Pre-Marital Inventory (usually one to three meetings)

## **Second Meeting With Pastor** (1-3 months prior to the wedding)

- A. Pastor helps couple prepare the liturgy for the wedding celebration
- B. Schedule the rehearsal if it hasn't been scheduled already.

## **Rehearsal** (Usually the night before the wedding)

The wedding rehearsal may be scheduled at almost any time. Please allow in your planning approximately one hour for the rehearsal in church.

## Wedding Photography & Videography Policy

Wedding Date \_\_\_/\_\_\_/\_\_\_

It is the responsibility of the couple to return this signed to the priest at their second meeting.

### Principals Underlying Policy

1. The focus of the Wedding celebration is the sacrament being entered into by the bride and groom. Everything else should support this end. The focus is not the future remembrance of this day. We could easily sacrifice the present for the future.
2. The wedding takes place in a consecrated space. The church is not a rented hall. It is "set apart" (consecrated) for religious purposes. To act in it as if it were an auditorium or a place of business would desecrate (break the consecration) of the place.
3. The role of the photographer/videographer is to record the event, not create an event. This means two things.
  - a. The photographer/videographer does not alter the celebration by directing participant's activity for the sake of what the photographer feels would be a better picture.
  - b. The photographer/videographer would not him or herself appear in the celebration. (Photographers do not go onto the football field even though it would sure be nice to have a picture of the inside of the huddle.)
4. The participants in the wedding (and hence the sanctuary, the field of activity) includes not only the wedding party, but all the guests as well.
5. The front area of our church is extremely small. Hence it is impossible for a photographer to be present there without interfering with the vision and activity of the family and wedding party.

### The Policy

1. The photographer/videographer is to remain outside the sanctuary during the entire celebration (including the entrance procession and recession). The sanctuary includes the area where the guests are seated. (i.e. the pews).
2. Places pictures may be taken from include the balcony and the Gathering Space to the south of the pews.
3. No flash pictures may be taken from the completion of the opening procession to the beginning of the procession out at the end.
4. All equipment used by the photographer/videographer will be stored in the reconciliation room (small room on the east side of the Gathering Space) when not in use.
5. At no time may the photographer/videographer use the Blessed Sacrament Chapel, either for picture taking or equipment storage.
- 6 With regards to picturing taking in the church before or after the liturgy, the photographer will secure the permission of the priest to move any furniture or decorations in the church.
7. All picture taking will be done and the wedding party be gone from the church and

their cars from the car port by 3:30pm on Saturday.

# Wedding Photography & Videography Policy con't.

## Implications of the Policy

1. Most professional photographers and videographers naturally comply with the above policy. If a photographer feels they cannot work under these circumstances, or fails to work under these circumstances, they forfeit the privilege of taking pictures in this church. A list of photographers who have so forfeited that privilege will be given to engaged couples as they begin to plan their wedding.
2. Given the limitations of our church, the couple will need to decide how they want to do the wedding procession. If it is important to them to have pictures of the couples coming in together, then they will plan to have the wedding party couples come in together from the back of the church, thus allowing space for the photographer to get their picture before they enter the sanctuary.
3. Often there is attachment to having a picture of the parent(s) giving away the bride. If this is important than the couple will want to plan the entrance procession in a way that allows the photographer/videographer to picture that from his or her place in the Gathering Room. It can easily be done by having the bride, with her parent (s), face the groom in the center aisle.

It is the responsibility of the couple getting married to return this policy when it has been signed by the parties listed below to the priest at their second meeting with him.

I the undersigned have read and agree to the above policy.
